January 24, 2019

SHANGHAI, China, Jan. 24, 2019 (GLOBE NEWSWIRE) -- NIO Inc. ("NIO" or the "Company") (NYSE: NIO), a pioneer in China's premium electric vehicle market, today announced that its founder, chairman and chief executive officer, Mr. William Li, transferred an aggregate amount of 50 million ordinary shares, consisting of (i) 189,253 class A ordinary shares and (ii) 49,810,747 class C ordinary shares, to the newly established NIO User Trust (the "Trust") formed in conjunction with NIO's pursuit of being a user enterprise and with the goal of building a deeper connection between the Company and its users. Mr. Li will retain the voting rights of the transferred shares, and NIO users will have the opportunity to discuss and propose the use of the economic benefits from the transferred shares. As a next step, Mr. William Li will further discuss the mechanisms to implement the Trust with NIO users.

"I established this Trust to pursue NIO's original aspiration to become a user enterprise. Today, in transferring 50 million of my beneficially owned shares, as was promised in my letter in our IPO prospectus, we fulfilled that promise. By letting our users determine how best to allocate the economic benefits from these shares, I firmly believe that the Trust embodies our core values and will benefit our users, shareholders, employees and partners in the long run," said William Li, founder, chairman and chief executive officer of NIO. "A key competitive edge of NIO is our unique, user-centric business model, which creates strong relationships with the NIO community.
